## Your Questions Answered

### How much do they cost?

What makes a mobile home the ideal choice for unlimited holidays is the all-inclusive price. At Carefree Lifestyle we aim to keep our pricing as transparent as possible.

Prices begin at £32,500 (all inclusive) and rise depending on your choice of model and any extras, such as decking, if required.

Our sales staff would be pleased to discuss the models available to help you choose one that is right for your needs and budget.

### What does the price include?

The price quoted includes transportation, documentation, insurance in transit, site installation, gas installation, VAT and any necessary connection to electricity and water meters.

All our homes are manufactured to European standards, fully furnished with a comprehensive range of appliances. Please see our specification sheet or ask for details on individual models.

### What's not included?

The price does not include site rent, insurance and normal day to day running costs. We will provide you with details of all running costs so that you are fully aware of all likely amounts prior to buying. We aim to ensure that there are no hidden charges.

### When can I use my home?

Our parks in Spain are all open all year. There is no limit to the amount of time you can spend there.

### Who owns the home?

You do! A rent is paid to the park owner (not us) who is in charge of the efficient running of the park and provision of services.
