'Boat, Caravan & Outdoor Show'

Coming soon is a main event in the mobile home show calendar, the 'Boat, Caravan & Outdoor Show'.

The show runs at the NEC in Birmingham from Tuesday 17th to Sunday 22nd February 2009.

As well as Carefree Lifestyle (stand 2134), you'll be able to view actual mobile homes from Pemberton, Willerby, Omar and Swift.

We have a very limited number of FREE tickets for this event, so please email or call for tickets if you intend to be there.

A Place in The Sun

A Place in The Sun Live! is run in partnership with the long running popular TV

Welcome to our February update - which has a special focus on our newest park, L'Ampolla Resort in Spain.

Carefree Lifestyle has been closely involved with L'Ampolla Resort right from its initial conception early last year and it was satisfying to see it nearly complete recently. The park is due to open its doors to mobile homes at the end of February as all the drains and services are complete and it only remains for the final landscaping to be completed.

L'Ampolla seafront, February 2009

With most of the UK under a blanket of snow, we were glad to join the residents of L'Ampolla sitting in the warm sunshine outside harbour-front restaurants and enjoy some fresh food in relaxing surroundings!

The hotel, bar and restaurant at L'Ampolla Resort have been open through the summer and several clients have already been to visit this beautiful corner of Spain.

series of the same name. The next show is at London's Earl's Court from the 3rd - 5th April 2009. There aren't any actual homes on show, but we will be there (on stand B39) to answer any questions you may have.

We will have FREE tickets for this show, so please call or email and we'll send them out as soon as we have them.

View looking out from a new plot at L'Ampolla Resort

Views from many of the plots are stunning and look out from a slightly elevated position over open ground towards the sea and the Ebro Delta which is only about a mile away. We imagine these plots will be in high demand over the coming months, so would recommend an early viewing to anyone who may be considering a mobile home on this park.

Spa Centre

The spa at L'Ampolla Resort will be modeled on Vilanova Park - shown above

We are also pleased to announce the coming construction of a spa centre on the park. It is planned to be a smaller version of the superb centre at Vilanova Park, so we are sure it will be a luxurious addition to the parks' facilities.

Rental Potential

With it's proximity to the sea, Reus airport and the Ebro Delta in addition to it's excellent facilities, L'Ampolla Resort makes a first class holiday destination and opens up the possibility of renting out your mobile home when you're not using it (should you wish).

To help customers who would like this option, Carefree Lifestyle can promote your home through [Bolero Holidays](#) at no charge. Bolero Holidays provide mobile home holidays in Italy and have an excellent reputation as a tour operator. Bolero can manage all your advertising, bookings, cleaning and changeovers in return for a percentage of your revenue.

The aim of the rental option is to try to cover your annual rent, leaving your mobile home free for you to enjoy 'rent free' for most of the year! We will have more details of this once figures have been finalised, but please contact us if this may be of interest to you.

Visits

Visits to L'Ampolla Resort are available at any time, so to be sure of being one of the first to view this new park [contact Carefree Lifestyle](#) today and ask about our 'no hassle' inspection trips.

Sant Jordi

Not far down the coast from L'Ampolla is another new park, [Sant Jordi](#), just a few miles inland from Vinaros and only just up the coast from historic Peniscola.

The park is well advanced and scheduled for completion at the end of March 2009. It benefits from a large reception/clubhouse and outdoor pool. Of course, the park will accept homes of any size, but with spacious plots of around 200 square metres, the park is also an ideal location for larger homes such as the Willerby 'New Hampshire' and 'Key West' for instance.

Mollina

Pool area - Mollina

As the longest established and most experienced appointed agent on [Saydo Park](#) at Mollina, we are pleased to now be able to offer pitches on this park for 'single' mobile homes. Previously the only free plots were for twin sized homes and whilst these homes can offer exceptional space and value, many customers prefer the lower initial cost of a single size home.

As the homes will be sited around existing twin units, the park have asked that we sell only 'prestige' models that will preserve the exclusive appeal of the park. Example models would include Pemberton's 'Kightsbridge' or 'Park Lane', Omar's 'Plaza Grande' or the ever-popular Willerby Vogue.

France

St Gilles-Croix-de-Vie, Vendée

As Spring fast approaches, many people are again considering the possibility of a [mobile home in France](#). As it's possible to buy in £ sterling from Carefree Lifestyle buyers are largely immune to the exchange rate swings that have depressed the usually buoyant French housing market.

A mobile home gives the chance to own a place of your own in a beautiful part of France without the hassle of property purchase, French taxes and the unique French inheritance/succession laws.

Another advantage of our French parks is that as well as being easily accessible by air, they are also simple to reach by road as well. Great news if you have a nervous flyer, bags of luggage, a family pet or just like to stock up on French food and wine to enjoy back home!

Our parks are in the popular areas of the Vendée, Gironde and South-East. For more information, [click here](#) to see our website.

[Finance](#) for your mobile home abroad is still available through Carefree Lifestyle. The other good news is that there has been a slight rate drop.

Please [email](#) for a leaflet explaining the package or call us to discuss your needs.
